PROFESSIONAL SUMMARY

Motivated and adaptable data enthusiast with a strong foundation in **Python, SQL, Power BI** and **Excel**. Demonstrated ability to collect, analyze and visualize data through various projects. Eager to leverage technical expertise, curiosity in AI and automation to drive data-driven strategies in a dynamic environment.

TECHNICAL SKILLS

Python: Data Analysis (Pandas, Matplotlib, Seaborn)
Web Scraping (Selenium)
API Integration (Datasets, Large Language Models)
Machine Learning Basics (Scikit-learn)
SQL: Joins, Union, Group By, Subquery
Power BI: Visualization (Slicers, Maps, KPIs, Tables), DAX Calculated Measures
Excel: PivotTables, Power Query ETL, XLOOKUP
Others: Git, Gemini, ChatGPT, Zapier

PROJECTS

Tokyo STR Market Entry Project: Data Analysis Using Inside Airbnb Dataset

- Recommended locations such as Tama with 30%+ monthly rentals for niche market entry.
- Developed an interactive dashboard to support dynamic querying of metrics by location, minimum night and room type.
- Reduced 95% query time (15 min → 45 sec) and saved 500+ hours/year for 5 users.

Optimizing E-commerce Intelligence with SQL Views

- Computed per-item performance metrics including average rating, review count, and delivery time.
- Developed a view relating delivery duration to review scores for simple correlation checks.
- Cut 93% query time (78 → 5 sec) and saved 800+ analyst hours/year.

PROFESSIONAL EXPERIENCE

Junior Business Analyst | AIA Hong Kong February 2026 - Present

- Optimized a frontline Agentic RAG chatbot through triage, root-cause analysis, and cross-functional collaboration to improve accuracy and compliance.

Career Break August 2024 - February 2026

- Pursued self-study in data science, content creation and investment strategies while working temporary part-time roles

Administration Clerk | Global Credit Management Company February - August 2024

- Collaborated with cross-departmental colleagues to manage data entry and documentation.

Outdoor Interviewer | Nielsen Company Limited February - September 2019

- Conducted bilingual (English & Mandarin) interviews with departing tourists to uncover travel pain points and spending patterns.

EDUCATION

Junior Data Analyst | Generation Hong Kong August - October 2025

- Developed data analytics competencies and essential workplace skills through hands-on and interactive sessions.

Professional Diploma in Digital Media and Business Information Technology | Hong Kong Management Association April 2019 - May 2020

- Acquired foundational skills in web design, digital marketing, office tools, networks and communication.
